

# STEM Club for Grades 1-5: Paper Chain Challenge

Thursday, April 17, 3:45 p.m. – 4:30 p.m.

How long of a chain can you make with one piece of paper?

STEM Club is a program designed for children in first to fifth grade. In this monthly program, children are given the opportunity to explore the principles of science, technology, engineering, and math through fun and engaging experiments and lessons, led by library staff.

**Reserve your spot today on our website or at the circulation desk.**
