

Art Sparks: Optical Art Lesson for Grades K-2

Friday, September 27, 12:00 p.m. - 12:45 p.m.

By drawing a series of lines, circles, and checkerboards, learn how to make an optical illusion of 3-dimensions on flat paper.

"The opinions expressed (information provided) are not sponsored or endorsed by the school district or its personnel"

Are you looking for an entertaining and creative way to spend your afternoon? Look no further!

Join us and let's learn about Optical Art! Color, light, and patterns can create images that are misleading to our brains. See examples of optical illusions and create one of your own!

Registration is required for this class.

Sign up at the circulation desk or by calling the library.
